

To our customers in industry

January 2020

Softing complies with the EU Directive “WEEE II”

(Directive 2012/19/EU of the European Parliament and of the Council of 4 July 2012 on waste electrical and electronic equipment (WEEE) (recast), transposed into German law by „Governing the Sale, Return and Environmentally Sound Disposal of Electrical and Electronic Equipment (Electrical and Electronic Equipment Act, or ElektroG))

As a longstanding producer of top-quality Hardware products for the industrial sector, Softing feels committed to the goals of environmental protection. That is why Softing will take back all products, which are covered by the act and which were supplied after the Act came into effect. These products will then be recycled or disposed of in an environmentally friendly way.

Softing is registered with the Foundation for the registration of old electrical appliances (EAR) under the WEEE-Reg.-No.:

DE 3925 7114

Softing IT Networks GmbH is registered with its products under the WEEE-Reg.-No.:

DE 1651 3215

In order to keep transport costs to a minimum, we are offering to take back all affected Softing hardware products free of charge, which are sent carriage paid to Softing.

If you would like any further information about this subject, please get in touch with your sales contact.
